Book Study :

Several members of the Book Study group met on Wednesday, December 14 to discuss the first section (pages 1-89) of *The Politics Industry: How Political Innovation Can Break Partisan Gridlock and Save Our Democracy Discussion*.

The members broke into three groups and discussed one of these questions in each group:

- Why is our country innovative in so many areas, but not politics?
- Why is it normal to have limited—and often disappointing—choices at the ballot box?

• Why doesn't Washington D.C. get anything done?

Book Study will meet next on Wednesday, January 11 at 6:30 via zoom. Feel free to join the discussion even if you missed the first meeting. (Summaries of the discussions are available through Vicki Harmon)
